

GIFTS THAT LAST

A Floor Lamp, Mahogany base and Silk Shade, would be a lovely Gift for Mother. Also a nice Table Lamp. Values \$10.00 to \$50.00.

CLINTON & SON,

Sign of The Big Ring.

FARM BUREAU REPORT IS ISSUED

FINE SHOWING HAS BEEN MADE FOR OFFICERS AND MEMBERS OF BUREAU

The following summary of the work of the Farm Bureau for the past year has been issued from the office of the County Agent.

The Lincoln County Farm Bureau co-operating with the Agricultural College Extension Service through the County Extension Agent has in most respects accomplished nearly twice as much in 1922 as in 1921. Time and space will not permit more than a very brief summary of the more important lines of work carried and these are as follows:

68 active local leaders assisted in carrying on the program of work in their communities.

Co-operation among farmers was promoted.

All farmers organizations were assisted equally.

42 Purebred Sires Only signs were distributed.

145 club members carried work in Sewing, Hot Lunch, Potato, Poultry, Canning, Pig and Calf Clubs. 90 per cent of which completed sufficiently to receive credit in school agriculture.

Three demonstration teams were sent to the State Fair where the Sewing

work won third place. Judging and Demonstration teams did creditable work at the County Fair and made the major part of the hog exhibit. With this and last year's club pigs.

Kanred wheat seed from last year fully supplied the entire county this year. Much larger per cent of the farmers treated wheat for smut especially where the smut machines were introduced last year.

82 farmers used 210 quarts of poisoned oats and 22 boxes of gopher poison for the control of prairie dogs, ground squirrels and pocket gophers on 2,500 acres of land.

5,361 pounds of arsenate of lead and white arsenic were used co-operatively to control potato bugs and grasshoppers.

3,335 doses of germ free black-leg aggrassin used for the control of blackleg.

266,000 cc. of anti-hog cholera serum together with necessary virus distributed for the vaccination of 6650 head of hogs.

Five carloads of certified seed potatoes handled co-operatively.

About \$10,000 worth of exchange work.

20 poultry meetings with 483 present who received a full course of poultry work through specialist and agent.

65 laborers were reported back as being placed.

2575 bulletins covering animal diseases, livestock improvement, farm improvement, etc., were distributed.

442 farm visits made.

2,500 office callers.

203 days in the field.

87 days in the office.

149 meetings held.

4,793 in attendance.

17 agricultural articles written.

1312 letters written.

25 circulars.

884 copies of circulars mailed.

19 questionnaires handled for the United States and State Agricultural Departments.

A very conservative estimate of the total direct saving to farmers in treatment of livestock, control of pests, introduction of certified seed and other lines of activities is \$4,500 up to November 18th when the Annual Report was made and sent to the State extension office. None of the Agent's work includes what has been accomplished since November 18th.

SAVE CHILDREN'S SHOES BY TAKING CARE OF SOLES AND UPPERS

County Superintendent Cochran has sent out the following information which she thinks is of interest to thrifty people—

Many parents will be interested to know that the life of their children's school shoes can be prolonged by varnishing the soles once in two weeks with ordinary floor or linoleum varnish, and using the following recipe for dressing on the tops of the shoes.

Neet's Foot Oil

Tallow, either beef or mutton

Beeswax

Take some thing like equal parts of these three ingredients. Put on stove and melt and mix. Set away to cool. Rub thoroughly into shoes once a week, or even oftener. The more oil used, the softer will be the mixture. The more beeswax, the harder and the better shine it will take. This renders the shoes partially impervious to water. The mixture is good for the soles also.

LOCAL AND PERSONAL

Clinton's for Spectacles.

Mrs. Eugene Crippen left Wednesday for Cozad where she will visit friends.

S. J. Kock of Hershey was a business visitor in the city Tuesday.

Christmas table bouquets a specialty. F. W. Daniel the downtown florist.

Christmas!

The spirit of Christmas is in the very air we breathe today.

In the happy faces of the people on the street, in the jolly, good-natured bustle of the shoppers and in the mysterious hiding of bundles, the joy of the Christmas season is shown.

At this season may we wish each of you—our subscribers—the old, old wish, "A Merry Christmas."

For every Christmas visit made in the olden times in person, a hundred are now made by telephone.
